

Dear Friends,

Your ongoing support continues to be a source of inspiration for our colleagues and frontline workers.

Many of you make contributions in honor of a provider or staff member. It's always a bright moment when we get to share your heartfelt feedback with the professionals who help keep us, our families and communities healthy.

Here are a few excerpts from donor letters:

"It has been over six years since the time his provider diagnosed the issue, and we are grateful that she was observant and caring. Bob owes his life to her professional dedication." -Robert and Marjorie, Emerson, NJ

"It is well worth going to Hudson Headwaters. I have been a patient for many years. Everybody from the staff at check-in to the doctors to the lab, everybody is great. I do what I can every year to support Hudson Headwaters" -Nancy, Queensbury

"As a cervical and endometrial cancer survivor, I know the lifesaving difference my gynecologist and quality health care team at Hudson Headwaters made in my life. My provider's swift actions and passionate concern helped me put cancer in the rearview mirror." -Jeannie, Glens Falls

We love hearing from you! Thank you for being there for Hudson Headwaters so we may continue to be there for others.

With gratitude,

Jessica Rubin, CFRE
