

FREE HIV AND HEPATITIS C TESTING

We provide free, rapid HIV and
Hepatitis C testing!

Currently in-person testing is available.

We also have a self-test HIV test option.

Contact Melissa at 518-669-6899
or mcarbone@hhhn.org
for more information about testing.

We hope to provide testing services again at the many community spaces
we have offered testing in the past when our staff and these
agencies/organizations determine it is safe!
