

Dear Friends,

We are delighted to share the latest edition of our Hudson Headwaters Health magazine! More than 79,000 copies will be distributed throughout the network's service region including Tupper Lake and Saranac Lake, the locations of our two newest health centers. Your personal copy will arrive very soon—here is a sneak peek of the digital edition.

This magazine represents our mission in action. Our goal to provide high-quality health care for everyone in our communities translates into countless stories of the people and partners living and breathing this work every day.

As a donor, your impact is reflected on every page. Thank you for empowering progress on behalf of our patients and communities. Together, we are truly building healthier communities.
