## About Glens Falls Family Health

- Offers an integrated team care model with nurses, patient service assistants, behavioral health specialists, care managers, advanced practice providers and physicians working together to provide health care to patients of all ages.
- Designed with medical residents in mind and serves as a site for Saratoga Hospital Family Medicine residents in collaboration with Albany Medical Center and Hudson Headwaters.
- Located adjacent to the health center is PACE at Hudson Headwaters (Program of All-Inclusive Care for the Elderly), a community-based alternative to nursing home care for individuals ages 55 and older with multiple chronic health conditions who can still live safely in the community.
